

NextLevel Health is pleased to announce, we will be the recipient of several new members with an enrollment date of January 1, 2018.

As a valued network partner along with the Department of Healthcare and Family Services (HFS), our goal is to maintain PCP and member relationships whenever possible. We want to inform you of the changes taking place in our membership for the month of January 2018. Individuals, who were enrolled with other health plans not participating in HealthChoice Illinois, may continue to remain your patients after they have been enrolled as a NextLevel Health Member.

As a health care service provider for the newly expanded Managed Medicaid population, now known as HealthChoice Illinois, NextLevel Health will work with you to maintain the continuity of care for your patients. During this transition, NextLevel Health will issue new member welcome packets, handbooks, and ID cards as part of the requirements for any new members entering our program. All ID cards issued to members will identify them as a NextLevel Health member. Additional information will be forthcoming regarding this transition.

Again, we appreciate your continued participation in NextLevel Health's network of valued providers. Should you have any additional questions and/or concerns, please feel free to contact us at 844-807-9734 or email us at provider.services@nlhpartners.com.

We look forward to partnering with you in 2018.

Thank you,

NextLevel Health Partners
