

February 14, 2018

Dear Provider:

Today, NextLevel Health announced our transition from a Managed Care Community Network (MCCN) to a licensed HMO serving Medicaid eligible individuals in Cook County.

As part of the HMO licensure process with the Illinois Department of Insurance, we have demonstrated the ability to meet the financial and programmatic requirements to sustain and grow the company and our innovative service delivery model.

Providing access to an expansive provider network is essential to meeting our members' healthcare needs with the best care. We thank you for being part of NextLevel Health's network of participating physicians, hospitals, and other healthcare professionals.

Our priority is the promotion of healthy lifestyles through preventive care by partnering with you. We look forward to your continued partnership as we work to serve the members of NextLevel Health.
